SPAIN MEANS FIGHT

The Spanish Cabinet Will Not Give Up Cuba

Madrid, March 31.—At a conference yesterday between Premier Sagasta and Messrs. Glazo and Silva, of the cabinet, the premier unfolded the terms proposed by United States Minister Woodford to evacuate Cuba, and the opposition leaders counselled their rejection. Premier Sagasta replied that personally he was not disposed to accede to them, but added he would like to submit the question of the loss of the Maine, which was not touched upon at the conference with Woodford, to the European powers. The feeling in Madrid is pessimistic. The newspapers are ignorant of the actual proposals of the United States, but are urging no surrender.

Spain's Reply Received

But it arrived too late last night to give out its contents until today. No one except the select official circle know its contents. The reply is quite lengthy. The white house was crowded all day by congressional leaders to learn the latest news. President McKinley fears war, and it would seem from all information received that nothing else is possible.

Congress and Cuba

The three speeches that stirred the assemblage to its depths Thursday were made by Mr. Grosvenor of Ohio, who, it was assumed, spoke for the Administration, and who practically pledged it to the cause of free Cuba; Mr. Bailey of Texas, the democratic leader, who announced the democratic position as for Cuba without war, if it could be avoided but with war if necessary; Mr. Johnson of Indiana, who spoke for peace, declaring that it was our duty to go to the extreme in magnanimity to avoid the horrors of war.

Mr. Lewis, a democrat from Washington, provoked the speech of Mr. Johnson, which aroused the members and the galleries to the fever pitch of excitement.

Bernabe Bounced

A telegram to Ocala at 1:30 p. m., says that the Spanish minister at Washington has been given his passports.

Americans Coming Home

The government has instructed Consul General Lee to warn Americans to leave Cuba. The steamers Fern and Mangrove have been sent to remove those who cannot secure passage on the passenger boats.

A Madrid newspaper says that nothing could prevent Spain from planting its soldiers in Florida. Send them along and they will be planted in short order.—Metropolis.

Found Not Guilty

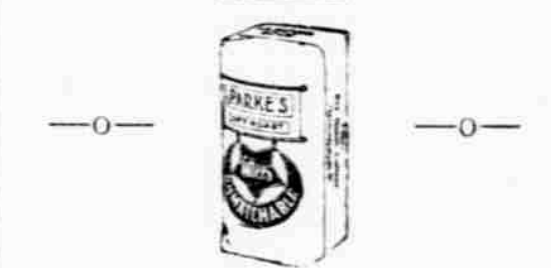

County Commissioner McLeod was before United States Commissioner D. S. Williams, charged with cutting timber off of government land. The evidence showed that McLeod's teams hauled logs off of the homestead of Lucy Johnson, colored, near Kendrick, which was to be exchanged for lumber to improve her house. A man by the name of VanCise saw the cutting and hauling of these logs and knowing the land was homesteaded and final proof had not been made, swore out a warrant against McLeod. The commissioner, having heard all the evidence, dismissed the case. It is said VanCise did it for spite.

At the Capitol

I am in my seventy-third year, and for fifty years I have been a great sufferer from indigestion, constipation and biliousness. I have tried all the remedies advertised for these diseases, and got no permanent relief. About one year ago, the disease assuming a more severe and dangerous form, I became very weak and lost flesh rapidly. I commenced using Dr. Mozley's Lemon Elixir; I gained twelve pounds in three months. My strength and health, my appetite and my digestion were perfectly restored, and now I feel as young and vigorous as I ever did in my life.

In a New Field

Vernie Stevens, who has for the past year been the popular clerk in the McCarthy store, has accepted a very important position as state agent for the Globe Publishing House of Philadelphia. His first work will be canvassing for a new and wonderfully interesting book, entitled "Shepp's Giant Library." This is a work of eight books in a single volume, and contains the cream of the Bible, Shakspeare, music, fine arts, poetry, orations, fiction and history. All the illustrations are copies of original masterpieces from leading artists of the world. It is a work that no family can afford to be without, and no man in this community is more capable of doing it justice as a canvasser than Mr. Stevens. He began his new work today and will spend all of this month on this one book. He has a host of warm friends in this county who wish him abundant success in his new field of labor.
